

Thrilling Threes

June 2017

Throughout the month of April we focused on Mother's Day; I hope all the moms had wonderful Mother's Day! We also talked about the stars/ planets, camping and Memorial Day!

Show and Tells on Thursdays have been awesome. Thank you all for participating! The students are doing great sharing their items from home!

During June we will focus on Father's Day and some of our favorite summer activities, including the pool/swimming, kites, and visiting the beach!

The children have continued to do an outstanding job with the Potty Training Boot Camp (P.T.B.C.)! I will carry on with picking a few students at a time to focus on potty training. I will send home a letter that will tell your child it is their turn for potty training! P.T.B.C. includes: going to the bathroom more frequently to use the potty and having plenty of extra shirts, pants, socks, an extra pair of shoes, and UNDERWEAR! Having an accident will not be a negative thing! We expect them to will happen and we will use them as a positive learning experience!

***Once your child is in Potty Training Boot Camp there will be NO diapers or pull ups allowed!!**
