

Thrilling Threes December Newsletter

Looking Back:

November was packed full of wonderful themes and projects. We started the month with Veteran's Day and a visit from Mr. Gabe from the Air Force. He truly enjoyed visiting and receiving all of the gifts our friends made for him and his coworkers. Then we learned about Thanksgiving and had a wonderful feast with all of our TGPD friends.

Looking Forward:

In December we will learn about snow and winter activities like sledding, building a snowman, and making snow angels. We will also be talking about the different holidays that occur in December. There are plenty of fun activities going on in our center as well. We will have a school-wide party with a visit from Santa, we are adopting two families, and hosting a MOM2MOM sale.

Potty Training Boot Camp

The children have continued to do an outstanding job with Potty Training Boot Camp (P.T.B.C.)! I will carry on with picking a few students at a time to focus on potty training. I will send home a letter that will tell your child it is their turn for potty training. P.T.B.C. includes: going to the bathroom more frequently to use the potty and having plenty of extra shirts, socks, an extra pair of shoes, and lots of pants and UNDERWEAR! Having an accident will not be a negative thing! We expect them to happen and we will use them as a positive learning experience.

****Once your child is in Potty Training Boot Camp there will be NO diapers or pull ups allowed!**
